SATURDAY.....AUGUST 2, 1873.

LOCAL MATTER.

E. C. WOODSON, City Editor

MORNING EDITION.

FOR HOUSE OF REPRESENTATIVES.

GEORGE H. SNOW,

OF WAKE.

ELECTION 1ST THURSDAY IN AUGUST.

TICKETS—TICKETS!—We will furnish tickets for the election upon the Constitutional Amendments for FIFTY CENTS PER THOUSAND, the single tickets containing the words "for" or "against" the amendment. The cash must accompany the orders.

LOCAL BRIEFS.

Halifax has three daily mails.

M. J. McSween, editor of the Fayetteville *Eagle*, was in our city yesterday.

Frank Manning, "Junior" of the *Roanoke News*, was in the city yesterday.

State Treasurer Jenkins left for his home in Gaston county yesterday evening.

A colored penitentiary convict, from Granville, died at that Institute yesterday morning.

The auction sale of the entire stock of Primrose, Petty & Newsom is going on night and day.

Mr. A. W. Fraps will open his Sigar Store, next to his Saloon, to-day, and will be please to serve his many friends.

Hargett street enjoyed the excitement of a runaway yesterday, in which a "spike" mule team were the principal actors.

Yesterday, the 1st. day of August, commenced the ten hour system of labor agreed upon between the boss Mechanics and Journeymen.

The Baseballists of Halifax and Enfield will tussle over a match game at Halifax on Wednesday next. Halifax is the challenging party.

The new system, the consolidation of the Collectors and Assessor's office, so far works very smoothly and with equal convenience to the people.

Prof. Alexander McIver, Superintendent of Public Instruction, left for New York yesterday morning to attend the session of the National Educational Convention which convenes in that city early next week.

In the rear of the *Sentinel* office, on the old Gales lot, there is a splendid crop of Scotch thistles, the seed of which is now full ripe. The slightest wind blows them in every direction, and gardens six squares distant receive a full benefit.

We saw on exhibition yesterday, at the office of the North Carolina Land Company, several pressed brick made at the yard of Mr. Scott, the Secretary of the Company, that will compare favorable with the Boston or Baltimore brick in weight, quality of the clay and finish.

Mrs. T. D. Gillespie, of Charleston, S. C., who has been severely ill at Kittrell's Springs for some time past, we are pleased to learn is rapidly improving. The delightful air, good water, comfortable accommodations and pleasant associations of Kittrells always improve the sick, while the pleasure-seeker finds every attraction in the way, pleasant company, good eating and good music.

THE DIAMOND COTTON CHOPPER AND CULTIVATOR.—Mr. J. B. Underwood, the inventor of this valuable agricultural machine, is now in this city, and is giving practical tests of its usefulness. That the machine comes fully up to the standard of excellence claimed for it, is attested by numerous testimonials from some of the best agriculturists in the State. If we give credence to the statements of a number of our best farmers and have faith in their recommendations, this invention will, in a short time, bring about a revolution in the present system of the cultivation of cotton—a revolution which will redound greatly to the interest of the producer, as it will save more than 50 per cent. in the cost of producing. We will not now describe the workings of the chopper, as we have heretofore published certificates which gave the necessary information. To-day Mr. Underwood will explain the operations of his invention to those who may call upon him at the Yarborough.

Mr. Underwood will also visit Frankinton, Warrenton, Weldon, Scotland Neck, Enfield, Rocky Mount, Tarboro, Wilson, Goldsboro and Smithfield. The time at which he will visit the above named places will be found by reference to his advertisement, which appears in this issue in another column.

In this connection it will be proper to state that Mr. Underwood has generously donated one of his machines to the State Agricultural Society, which will be added to the articles which the Society will distribute upon the plan heretofore announced.

A TERRIBLE STORM AT MORGANTON.—From a private letter we learn that Morganton and vicinty were visited with an unusually severe wind and rain storm on Sunday evening last. A lady resident of the town, a Mrs. Beach, was killed by a stroke of lightning. A number of cattle and hogs were also killed. Four trees were struck immediately in the centre of town, but no damage to buildings.

STATE OF THE THERMOMETER.—The Thermometer yesterday was as follows at Branson's Book Store:

At 9 a. m.	84
At 12 m.	86
At 3 p. m.	90
At 6 p. m.	86

THE DAILY NEWS.

VOL. II. RALEIGH, N. C., STURDAY MORNING, AUGUST 2 1873. NO. 136.

Affairs in the Asheville Section—the Delightful Climate, Beautiful Country, Etc—Raleighites, Summering in the Mountains.

A Raleighite, sojourning in Asheville, writes us the following communication from that place under date of the 30th inst.:

ASHEVILLE, N. C., July 30th, '73.

Enfeebled by a chronic affection, I laid aside the cares of business on the 18th inst. to seek a restoration of my health and strength in the grand old mountains in this part of our State. Since I reached Statesville on my way thither I have not had an unpleasant symptom. Cool and elastic is the atmosphere, so refreshing is the pure water, so delightful the rich and inviting food, and hospitable and agreeable the people, I almost forget I have been sick, and that so short a time has elapsed since I was under a restricted diet, and accustomed to swallow nauseating physic at short intervals almost daily for the previous 6 or 8 weeks. The truth is, I feel as exhilarated as if I was under the influence of the most choice champagne or exciting stimulant which our friend "Woodson," so often receives from dealers, to experiment with.

In my office the evening before I left Raleigh the thermometer stood 94o, and here a fire in the morning and a pair of blankets at night are required by any lowland visitors. Here we met with many old and new friends from our middle and eastern counties, and the Southern States, including Texas, and all agree that this portion of our State is the most beautiful, exhilarating, and desirable in all respects, of any part of the habitable globe, and that a short distance in the country, where the most excellent board can be had at from $2 to $3 per week, *it cost less to live here than elsewhere.* We find here the fattest mutton, beef and poultry, the most delightful butter and honey, elegant bread of all kinds, vegetables unexcelled in flavor and quality, and milk in quantities to run a mill, the cream from which is so thick that it will support the weight of a spoon, and in every direction the scenery is charming and grand beyond description.

Where so many lovely and inviting places are to be found in this wild region, 'tis hard to discriminate. Among the most attractive I have seen are those owned by Col. L. W. Humphrey, of Wayne county, and our former townsman, Col. R. W. Pulliam. Col. Humphrey's purchase is known as "Coggins Springs," situated in this county, about ten miles from Asheville and four miles from the promised railroad terminating at Salisbury, on the Elk Mountain, near the Cheese factory. The road thither is fringed with the most magnificent mountain scenery, and the view from the springs is perfectly enchanting, and if properly improved will ere long become a resort for invalids and pleasure seekers from all parts of the world. On the Humphrey place there are white and blue sulphur, alum and fifty-two chalybiate springs, all very strong, and many cures have been performed by drinking and bathing in the water, comprising dyspeptic, chronic bowel disease, scorbutic and cutaneous affections of all kinds. There is a bold creek, clear as crystal, running through the farm near the base of the mountains, about 100 yards distant from the springs, which affords ample water power to grind all the grain grown, or to saw the immense quantity of hemlock, poplar, walnut, maple and pine trees near by, and likewise affords the most elegant baths and fish ponds. Bold Free Stone Springs are abundant, which if properly managed would throw a jet of water 100 feet high, so that the grounds may be adorned with fountains and the valley irrigated at a trifling cost. On Saturday last I visited these springs in company with Judge Albertson, General Clingman and Col. Humphrey, and we were more than pleased. Col. Humphrey presented Judge Albertson and myself with a beautiful building site covering half an acre, and proposes to make similar donations to such friends as will agree to build cabins and make these springs a summer home for their families, and when the railroad is finished to provide hotel accommodations. Could one dozen or more clever families be induced to accept of the Col's liberal offer it would be a paradise on earth, and doubtless contribute much to their health and comfort.

Col. Pulliam owns a large number of beautiful farms in this vicinity, and the most beautiful landscape I have seen, is from a peak christened, "Pescud's Peak," in honor of your townsman; situated on a beautiful farm, north of Asheville, reached in a buggy or on horseback in a ride of twenty minutes, and no one should visit Asheville without taking a view from the summit referred to. On the west, the French Broad River is seen washing its base for a considerable distance, and the noise from the falls produce a most soothing lully-by, inducing repose and sleep, while in every direction may be seen a panorama of the most majestic mountains, and fertile valleys in this country. There are also large numbers of springs affording pure water, as cold as ice; and on the river sights for mills of 200 or more horse-power. The Col. owns a large number of acres on both sides of the road, and about 5 miles south, on Swananoa river he owns 700 or 800 acres of similar lands, of equal advantage, and being anxious to induce persons of money and brains to settle here he offers great bargains to those wanting to locate in this, the Switzerland of America.

The people here have a remarkable healthy appearance, and the family record of those who have availed themselves to secure a policy on their lives, show a longevity unheard of in our part of North Carolina.

I have met here, W. H. Dodd and wife, Frank Moring, Nick West, Mrs. Blake and daughters, F. H. Busbee and lady, Gen. M. W. Ransom, D. C. Stone, of Galveston, late of Louisburg, and others, not now remembered. Frequent excursions to the Black Mountain, Cove Springs and other noted places are of daily occurrence, but all give Asheville the preference for comfort and pleasure.

Those accustomed to drink spirituous liquors will find no place in Ashville to gratify their appetite. There is a barroom on the suburbs of the corporate limits of the town, the sign over the door of which afforded me some amusement. It reads "Saloon," and on the side nearest to town, "the first chance," and on reaching it from the country, "the last chance." Another striking sign is over the door of a merchant, which reads, "*Honey, come in*;" signifying he has received a supply of honey.

I see here a number of beautiful young ladies from various States, principally from our own and South Carolina, who are superbly dressed, and ride with wonderful grace and ease on horseback—a favorite exercise in the mountains. Nearly every day, parties make excursions to places of note, and the livery stables have a fine harvest, and the charge is so reasonable that many are induced to join a party, rather than remain in town.

Some of the stores here, are very attractive and compare favorably with most of those in Raleigh, and I learn that more business is done here than in Salisbury; when the Rail Road is completed, there will be renewed impetus given to trade and mechanics. All the christian denominations have neat and attractive houses of worship. There are a number of excellent schools for both sexes, and as much refinement and intelligence as in any town its size in our State, and as for hospitality, no place I have ever visited compares with it. Nearly every night since I arrived there has been a tea party or dance, either at private houses or the Hotel. Last night the remains of a Mr. A. E. Hall, a prominent merchant of the place, reached here from Catawba county Springs. It is said he died of heart disease on Sunday, and had been complaining some time. Death occurs here so seldom that a great sensation is produced, especially when one so enterprising and popular as Mr. Hall "crosses the River." I was surprised to learn last night that with a population of 2,000, no one had ever commenced the business of undertaking, and that death is so rare that some of the oldest people in this place and vicinity had never seen a hearse. It is time I had arrayed for my morning plans, and I must close. You may hear from me again should any thing of interest occur.

PETER.

WILL NOT INTERFERE.—Governor Caldwell has refused to interfere with the regular process of law in the case of Hardy Jones, convicted of murder in the first degree in Craven county, and sentenced to be hung on the 8th of August. We mentioned the fact some two weeks ago in the NEWS, that two petitions, largely and respectfully signed by citizens of Craven county, had been received by the Governor, asking the commutation of his sentence to imprisonment for life, but the Governor declines for the reason that the petitions do not show good reasons for this clemency, and are not signed by the Judge and the Solicitor of the Court in which he was convicted. Hardy is quite an old man, but a hardened sinner. He was arrested by a deputy Sheriff of Craven county, Robt. Miller, for larceny, and while being conveyed to the Newbern jail, seized the gun of Miller while he was drinking water at a spring by the wayside, and shot him dead. He will "swing" on the 8th of August.

I. O. O. F. ITEMS.—Deputy Grand Master R. A. Watson and District Deputy Grand Master S. W. Chamberlain, assisted by Past Grands McCabe and Zoeller, of Tarboro Lodge, under a dispensation from the Grand Master, organized Winchester Lodge, No. 16, I. O. O. F., at Rocky Mount, on the 25th inst. B. B. Lawrence, N. G.; W. T. Gay, V. G.; T. H. Griffith, Secretary, and Jesse Bullock, Treasurer, were duly installed as the officers.

There will be a Lodge of the order organized at Clayton, on Monday, the 4th inst. Grand Master Bagley and several other members of the order from this city will assist in the organization.

Applications for dispensations for new Lodges are being received by the Grand Master from every section of the State, and the order is in a more flourishing condition than has been known for years.

CONCERT AT KITTRELLS FOR THE BENEFIT OF THE OXFORD ORPHAN ASYLUM.—We learn that Mrs. Leigh and Mrs. W. G. Elliott, of Norfolk, have been invited by Major Blacknall, of Kittrells Springs, to give a concert at the Springs sometime during the present season.

We are gratified to state that these ladies have kindly accepted Major Blacknall's invitation, and the time for the Concert will be named hereafter.

The daughters of Virginia, in thus lending their noble services in behalf of the cause of the Orphan children of a sister State, are illustrating those exalted qualities exhibited by the women of the Old Dominion during the war between the States.

Mrs. Leigh and Mrs. Elliott are unrivalled amateur singers—and we trust the spacious hall at Kittrells will be crowded with a large and appreciative audience.

DEATH OF J. J. OVERBY, ESQ.—We regret to announce the death of this gentleman, which occurred at his residence in this city yesterday morning. The funeral services will take place at the residence of the deceased to-morrow morning at 8:30 o'clock, and the remains will be interred in the old city cemetery. Mr. Overby was born in Johnston county, November 28th, 1819, but early in life removed to this city and engaged in business. He leaves a wife and four children.

MOVEMENTS OF THE GRAND MASTER OF MASONS.—John Nichols, Esq., the Grand Master of Masons, will visit the Lodge at Franklinton Tuesday, August the 12th; Henderson, Thursday, the 14th and Warrenton, Friday the 15. Other appointments to be given hereafter.

Wynne vs. Lee.

Having given Mr. Wynne, the Chairman of the Board of County Commissioners, a hearing in our columns, we give place to the following answer thereto from Sheriff Lee:

Editors of the News:

GENTLEMEN:—Under the above heading in your issue of the 31st July, I find a card signed by R. W. Wynne, Chairman Board of Commissioners, in which he says that the statement in regard to county taxes in your paper of July 24th, contains nothing but errors. Now let us see. That statement says that the Sheriff paid in $31,841 39, of which $28,423 89 was in county vouchers, and the balance cash, and as Wynne says, "the first cash I have ever paid to the common school fund since I have been Sheriff." I will here state that it is the first time I have ever been requested or required to pay in any cash, but on the contrary, I have been repeatedly directed by the Board to take county scrips in payment of taxes. Does the venerable Chairman deny this? This statement is only wrong this far, and that is, that I paid in vouchers $28,529 71, being $106 more than appeared in the statement. This was occasioned by an error in subtraction. I say that I have paid in this amount. I have the Treasurers receipt for $27,494.12 and $1,035.59, I by deputy, tendered on the same day the Board adjourned. The County Treasurer refused to receive it as the vouchers had not been examined, &c. That objection has been overcome. The vouchers have all been properly examined by the Treasurer and Mr. Todd, one of the County Commissioners, and found correct, and the amount as stated $1,035.59. The Treasurer still refuses to receive them, though repeatedly asked to do so. It was distinctly understood that these vouchers should be received as of the same day, as of the meeting of the Board. This is why I insist that it is paid, and was paid at the time as stated in your paper of the 24th.

I here state that the amount due the county, after deducting insolvents and commission, was for General Taxes, $27,886.66

The Ferrell Execution,	843.05
Capitation Tax,	3,246.63
	$31,776.34

And that this comprised all my indebtedness, which indebtedness I have discharged by the payment of $28,529.71 in vouchers, and $3,246.13 in cash, besides paying under protest $170.87 in cash for interest on the poll tax. Now, on the other hand, Mr. Wynne says my present indebtedness is $9,546.95, which is itimized as follows:

Item 1. Balance on general tax account with interest from May and deducting insolvents, $3,614.47. This item I deny in toto. The interest is a question for the Courts, and by the decision of the Court I will abide and not by any decision of Mr. Wynne's,

Item 2. Capitation tax 1871 and interest, $3,763.83. In reference to this I can simply say that I have the Treasurer's receipt in full for taxes for 1871, and there is a question as to whether or not the poll tax is embraced in that receipt, and I am advised by counsel not to pay it, and was so advised by the distinguished pleader at the BARS of the State, who is now acting for the Chairman of Board in this matter. Admit, however, that I owe the poll tax for 1871, certainly the following insolvents must be deducted, to wit, 1871, $810.69, 1872 $483.65, and the interest paid under protest, $170.87, making $1,465 21, take this from $3,189.69, the poll tax and the amount due would be $1,724.48. So that if I owe the poll tax of 1871, I only owe $1,724.48 and not $3,763.83.

Item No. 3, is the amount collected from J. J. Ferrell and sureties and interest, $1,070.65. This item is wrong. The real amount is $843.05, which is included in the $28,529.71 turned over. On the execution itself appears an indorsement signed by the Clerk of the Board, directing that no interest be collected from Ferrell or the sureties. Yet now, they, Wynne & Co., say to me, you must pay interest, after having ordered me to receive the amount of the execution in county vouchers without interest.

Item No. 4, [illegible] is the balance an error of $9.5, which amount he did not pay, though he has the Treasurer's receipt for it, and interest $1,098.10.

In regard to the last item, I say the Commissioners have nothing to do with it. I have the Treasurer's receipt for $1,015, which is not denied, but the Treasurer says there is a mistake; that he thought he was signing a receipt for $100, and that $100 is all that he received for that receipt. Now I do not question his belief, but I am positive that I did pay what the receipt shows on its face, and any impartial mind will bear me up, backed as I am by the receipt itself.

The circumstances are these: I needed $1,015.00 in settlement. I drew up a note payable to W. M. Brown, County Treasurer, for that amount, and on the same sheet of paper a receipt for a like amount. I signed the note, and Brown the receipt, and we exchanged. This was at the Standard office. The note was taken up and paid after this time, as was another note for a larger amount. Here are copies of the note and receipt:

NOTE.

RALEIGH, N. C.,
August 5th, 1872.

On demand, I promise to pay to W. M. Brown, County Treasurer, for value received, one thousand and fifteen dollars. ($1,015.00.)

(Signed,)
T. F. LEE.

RECEIPT.

RALEIGH, N. C.,
August 5th, 1872.

Received of T. F. Lee, Sheriff, one thousand and fifteen dollars in part of county taxes, ($1,015 00.)

(Signed,)
W. M. BROWN,
County Treasurer.

Now Mr. Brown says he thought it was only $100 that he signed for, and that he took no notice of the note and gave it up on payment of $100. Does not such an excuse look absurd? If he had said that he thought the note was for ($115) one hundred and fifteen, there would have been some reason in saying there might be a mistake, but as I before stated, I do not question his belief about the matter, and as he rendered me a valuable service in accepting my note I told him and the Board that I would pay the amount, and intended to do so, until now, when seeing that he has lent himself to a combination whose whole aim is to crush me. I think he has cancelled any kindness of the past.

Now then let us see what R. W. Wynne and his confederates have accomplished by their combined labors of the last seven days. Let us see what their fertile brains have concocted. Nothing but a false and ingenious combination of figures, based not upon facts and proper calculations, but upon erroneous and unfair penalties and interest, with which they hope to crush one in order to carry out their own pet schemes.

The whole statement of figures is erroneous. Only one item contains anything like an approach to the truth. That is in reference to the poll tax of 1871. I deny that I owe it, but if I do (it is a question) instead of $3,763 83 it is but $1,724 48.

Wynne in his card gives as a reason for voting in January, 1873, and afterwards, against an extension of time for settlement, that the poll tax for 1871 had not been paid. Now this is a falsehood out of the whole cloth, for he knew nothing of the alleged non-payment until informed by the State Treasurer in June, 1873. No one had spoken of it; it was the first year that the law requiring the State poll tax to be paid to the county Treasurer went into effect. I had my receipt in full from the State and county Treasurers for the taxes of 1871, and upon those receipts received the lists for 1872.

How malicious and unfair this whole statement of Wynne's. They find I am out of town and publish this card, and for what? Ah! here's the milk in the cocoanut: Tim Lee settled, and they didn't expect or think he could, and so they think by publishing a false statement that they will prevent me from giving my bond for the collection of this year's taxes, which is nearly one hundred thousand dollars. But they are mistaken. Their false and malicious attacks only make my friends more firm.

Without trespassing further, allow me to say, that I should like to hear from Wynne & Co. again.

Yours, &c.,
T. F. LEE, Sheriff of Wake.

Raleigh, August 1st, 1873.

A CLOSER BUSINESS STILL.—We yesterday spoke of a postal card on which was written 1,051 words, as a close business. We have been shown one since, by James A. Briggs, Esq., on which there is 1,186 words, all legibly and plainly written, the copy being the usual newspaper manuscript. This is the highest number yet attained.

REVENUE ITEMS.—Owing to the partial failure of the apple crop and the general scarcity of fruit, but very few applications have been made for license to distil fruit.

The whisky distilleries of the district have all suspended operations, with one exception, in consequence of the warm weather which seriously interferes with the fermentation of the beer. In consequence of this fact "Dad Weaver, the fat U. S. gauger, is rusticating on Hickory mountain in Chatham county, with his "banjo on his knee."

But very few applications have been made by parties holding bonds, documents or instruments of any character upon which there is an insufficiency of stamps. The act of Congress of June 1872, provides, that persons holding such documents, may on application to the Collector have the requisite amount placed thereon, by the payment of the fine in such cases.

A SUGGESTION TO THE STREET COMMITTEE.—At the Penitentiary there is a small mountain of rock chips and other refused stones that may be purchased at a comparative small cost. By opening a street that passes near Stronach's wood yard, the hauling will be comparatively cheap, and this stone placed upon the streets would soon put them in a better condition than they ever were before, and all this heavy cost of paying street hands to do nothing would be saved, and the streets in the winter season would not be a disgrace to the city officials.

RALEIGH AS A COTTON MARKET.—A farmer in Greene county shipped eleven bales of cotton to his heretofore usual market, but as the price was not satisfactory, he re-shipped to this city. Messrs. Williamson, Upchurch & Thomas sold the cotton, which netted the farmer just sixty dollars more by selling in this market. This is the second lot of cotton that has been sold in this city recently for farmers east of the Wilmington & Weldon Railroad, and in both instances with the above satisfactory result.

TELEGRAPHIC NEWS.

NOON DISPATCHES.

Miscellaneous Items.

PHILADELPHIA, Aug. 1.—Delegates of the Menonites, from the Southern part of Prussia, after a trip over the Northern Pacific Railroad, favor the settlement on that line. They number 40,000 and the proposed emigration is to avoid military service, which their tenets forbid.

MEMPHIS, August 1.—The Governor offers $500 for the conviction of the Moore assassins, and commutes Early Eason's sentence to imprisonment for life.

PORTLAND, Aug. 1.—Geo. A. Brown, naval paymaster, is dead, aged 39.

CAORMI, ILL., August 1.—The cholera is fearful. There were 14 deaths within one week.

NEW ORLEANS, August 1.—The Marine Hospital, on Commont street, which cost the government a half of a million of dollars, sold for fifty-one thousand dollars.

The railroad from Marshall to Dallas is completed 190 miles to Shreveport. Barbacues honor the event.

CHICAGO, August 1.—No failures from wheat corner, though some parties are tightly squeezed.

LAWRENCE, Ks., August 1st.—The State Grange passed resolutions deprecating the prominence given to horse racing at State Fairs.

CRESTLINE, August 1.—Twenty employees of the Pittsburg, Fort Wayne & Chicago Railroad have been arrested charged with stealing from the trains. A large amount of property was found at their houses.

BOSTON, August 1.—The building of the National Dock and Warehouse Company, on Lewis street, have been burned. A large amount of hemp, gunny bags, sugar saltpetre, &c., were destroyed. The loss will amount to $475,000.

Spanish Affairs.

MADRID, August 1.—In the Cortes to-day Senor De Gonzales, Minister of War, read a despatch announcing that the insurgents had recommenced firing upon the city of Almira. This afternoon the insurgents' projectiles demolished the house occupied by the German Consulate, notwithstanding the Consular flag was flying over the building.

In the Cortes to-day the deputies of the Left pretested against the proposed vote of thanks to the citizens of Almira for their devotion to the Republic. Angry exclamations from the members of the majority followed the protest. Senor Quintero made a speech in which he defended the proceedings of the insurgents. Members of the majority again protested against the course of the deputies of the Left. A passionate debate followed, attended by a scene of great confusion.

The insurgents at Carthegena attempted to fit out the iron clads Mendez, Pintso and Fernado El Catalico to assist the vessels engaged in the attack upon Almira, but found their supply of coal insufficient. The Insurgent Government, at Carthegena, made an effort to place a loan in London, but failed to secure the offers.

The body of 700 insurgents from Cartegena surprised the garrison of Orieh-ula, in the province of Alicante, and captured that town, and are now marching upon the city of Alicante. The insurgents in Valencia are reported as becoming more discouraged. General Martinez anticipates easy victory over them.

New York News.

NEW YORK, August 1.—The train at Flushing, on the Southside Road, struck a carriage, killing the husband and fatally hurting the wife and child.

Isador Knonkel, while drunk, struck his wife in the stomach. The wife is dead.

Hanged.

BALTIMORE, August 1.—Nicholas and Hollahan, the murderers of Mrs. Lampley, were executed to-day.

MIDNIGHT DISPATCHES.

St. Louis News—A Pugnacious Pugilist—Leaning to Lynch Law.

ST. LOUIS, August 1.—Tom Allen, pugilist, publishes a card saying that if Charley Gallagher desires to fight him, as has been stated, he will give him a chance in two weeks from his meeting with McCoole, for any amount he chooses, from five hundred dollars upwards.

Peter Kessler and his son, who were arrested here a few days ago for stealing mules in Calloway county and taken to Fulton, the county seat of that county, for trial had a narrow escape from lynching. They arrived at Fulton on Wednesday, and were examined and committed to jail. About two o'clock on the following morning some sixty horsemen, well armed, rode into town with the avowed purpose of hanging old Kessler, but the City Marshal being advised of their intention, concealed the prisoners in the woods, and yesterday took them to Jefferson City for safe keeping.

Foreign News.

PARIS, August 1.—Nancy and Belfort were evacuated yesterday by the German troops who burned all the goods which could not be carried off. The inhabitants of both cities remained in their houses while the Germans were leaving.

MADRID, August 1.—A despatch has been received at the Ministry of War announcing that a sharp fight has taken place near Malaga, between the Republicans and insurgents, in which the latter were defeated and driven from the field. Eighty seven insurrectionists were killed.

Sharp Custom House Officers.

NEW YORK, August 1.—Special Revenue Inspector White in searching the Spanish brig from Havana, for smuggled goods, found a lot of choice tobacco, cigars, oil-cloth, snuff, brandy, gin and rum concealed under the coal used for ballast.

SATURDAY.....AUGUST 2, 1873.

THE ELECTION, AUGUST 7TH.

The election to be held in this State on the first Thursday in August, on the constitutional amendments, is one of vast importance to our people.

It involves vital changes in the organic law of the State.

For the information of voters, we publish on our fourth page, and shall keep standing until the day of election, the clauses in the Constitution proposed to be altered, together with the eight amendments that passed the Legislature by the requisite constitutional majority, and which are to be submitted to the people for approval or rejection, on Thursday, the seventh day of August next.

All the amendments proposed are necessary and important, and those who favor them should not fail to vote.

STEPHENS' UNITED STATES.

In 1872, Hon. Alexander H. Stephens, of Georgia, prepared *A compendium of the History of the United States, from the Earliest Settlement to* 1872. The work was published by E. J. Hale & Son, Publishers, Murray Street, New York. In the same year, a new edition was issued—the work having been revised by its distinguished author.

The compendium was not only intended for schools and colleges, but for the use of the general reader as well.

It is a small volume, consisting of about five hundred pages and is divided into two books. The first book contains about two hundred pages, and is devoted to the discovery, settlement and colonial history of the States, with a brief statement of the causes which led to the declaration of independence from the British Crown gives the revolutionary history, the by the Colonies. Book second achievements of our troops under Gen. George Washington, the establishment of the independence of the States, and the subsequent history of each of the old and new States up to the year 1872.

Of course a compendium of the history of the United States of five hundred pages cannot be expected to embrace all the events that the historian has chronicled; but we think there is no doubt that this is the most valuable work of the kind that has been issued for many years. It embraces in a short space all the most striking occurrences in the colonial and revolutionary periods of this country, together with some account of each Administration of the General Government, from the time of Washington until the year 1872, including three years of President Grant's first Administration.

Mr. Stephens' little work is a most interesting and valuable production, and ought to be used as a text-book in every Southern school—in every Northern one too, for that matter, as there is nothing sectional or partisan in it. There are no outcroppings of Southern disloyalty, nor any expressions that can be tortured into a reflection on the Government. It is written in a pleasing and captivating style, and is well calculated to engage the attention of students and retain it to the end.

Chapter fifteen, page eighty-three, is devoted to the SETTLEMENT OF NORTH CAROLINA, and embraces Early Explorations, Final Permanent Settlements and Indian Wars in this State, from the year 1563 to 1729. This sketch, which includes five pages, is very interesting, and we would copy it in full did our space permit. We may do so hereafter.

In chapter 26, page 182, which treats of the SEPARATION of the colonies from the mother country, we find an acknowledgment of the genuineness of the North Carolina Mecklenburg Declaration of Independence, of the 20th of May, 1775, which we commend to Mr. Daniel R. Goodloe and those who are stumbling by the *ignis fatuus* of his historical theories. It is not probable that a man of Alex. Stephens' literary research and accuracy has committed a blunder in regard to the date of such an important event in American history as the Declaration of Independence.

The following is Mr. Stephens' language on this point:

"North Carolina was ahead of all her sister States on the subject of independence.

"On the 20th of May, 1775, the day after receiving the news of the battle at Lexington, a convention of delegates from the several captains' companies of the militia of Mecklenburg county convened in Charlotte, and threw off all allegiance to the British Crown, and declared North Carolina to be a sovereign and independent State. Her last royal Governor, Josiah Martin, was immediately afterwards compelled, by the people of Wilmington and the lower waters of Cape Fear, to flee for safety on board his majesty's ship-of-war, *The Cruiser*, whence he issued a proclamation, in which he denounced the resolutions in Mecklenburg as the most treasonable proceeding that had taken place on the continent.

"On the 20th of August, 1775, she assembled a Provincial Congress at Hillsboro, which recognized the abdication of the Governor, and made an effectual organization of the militia for the public defence.

"And in the autumn of that year she sent an expedition, under Colonel, afterwards General Howe, to the aid of Norfolk and lower Virginia, against the machinations of Lord Dunmore, the royal Governor of that colony, which, in connection with the Republican troops there, defeated his Lordship's army in the battle of Great Bridge, on the North Carolina frontier, and forced him to seek protection on board a man-of-war in the harbor of Norfolk."

We would be glad to see Mr. Stephens' History in all our schools and colleges. Its style is distinguished for perspicuity and force. The account of Lincoln's Administration and of the secession of the Southern States is from a Southern standpoint, but is fair and impartial, and entirely devoid of prejudice.

The general reader will find much in this little work that is new to him, and the facts are stated with the terse vigor and succinctness of the eminent author.

Southern teachers should banish from their school-rooms the namby-pamby trash, miscalled history, written by fourth-rate scribblers, full of sectional hatred and venom, which has been circulated by certain Northern publishers, and recommended as suitable for text books. Southern books like Stephens' History, deserve to be universally introduced in Southern schools, and we hope it will be done.

SOLOMON POOL'S CRIMINALITY.

Having crushed the University of the State—having crushed the village of Chapel Hill, out of petty spite and revenge the Reverend Solomon Pool now attempts to crush an innocent woman, whose high character is a shield of defence against his darts of detraction and calumny.

We did not believe the State of North Carolina contained within its limits a man of Pool's opportunities and position who is so lost to every sentiment of self-respect and decency.

His insolence, his incompetency, his dereliction of duty, his utter unworthiness and maliguity have been illustrated in a remarkable degree during his Presidential career at the University; but it was left for his letter, published in the last Raleigh *Era*, to present the character of *Reverend* Solomon Pool to the public in its most hideous aspect.

As one of the chief instruments by which the destruction of the University has been accomplished, Pool has received some severe criticisms from the public press; but his crowning act of villainy, in his shameful attack upon a noble woman, will raise such a storm of popular rebuke as will make the unworthy creature shrink back in remorse from the contemplation of the foul wrong he has perpetrated.

General Beauregard has not given the public sufficient evidence of his *treason* to the south to justify us in classing him with Longstreet and Arnold. We have denounced his error—we do not denounce the man.

When Beauregard expresses his intention to support Grant, then we shall hold him up as a *Radical*. We believe it was his purpose to be of assistance to his people in uniting himself with the so-called people's party. Now that the movement has failed, we shall expect him to retrace his false position, and stand with the true men of the South, who are striving to beat back the mad waves of Radicalism.

The amendment relating to the State debt ought to be adopted, because as the Constitution now stands our creditors have a MORTGAGE on all the taxable property in the State, which this amendment proposes to cancel. This will put it in the power of the Legislalature to adjust the debt. To enforce payment of the interest and principal of the public debt WOULD BANKRUPT THE STATE.

Since the New York *World* has disgraced itself by its infamous and libelous attack on Southern society, in its comments on the Richmond duel, we would like to see the Baltimore *Gazette* take the place of the *World* in the family circles in the South, which have been bestowing their patronage upon an unworthy sheet.

The amendment relating to the State Census should be adopted, because there is no use in taking a census in 1875 and every ten years afterwards, at great expense to the taxpayers, when the same work is done by the National Government. The cost of taking a census in North Carolina cannot be less than *five hundred thousand dollars!*

The amendment in regard to Exemption from Taxation should be ratified, because it allows an exemption of three hundred dollars of ANY KIND of property, whereas the present Constitution exempts only a certain class of property. This amendment will help the poor man.

The amendment relating to the sessions of the General Assembly should be ratified, because it provides that the Legislature shall meet once in two years, and not every year—thus preventing confusion in the enactment of laws and saving annually to the people *one hundred and fifty thousand dollars!*

The amendment relating to Federal and other office-holders should be ratified, because it prohibits persons who hold offices at the hands of the United States Government from holding State offices or seats in the Legislature.

The amendment relating to the University shonld be adopted, because the University is now DEAD, and the amendment will put it in the power of the Legislature to *bring it to life again*.

The amendment relating to the Code Commission should be adopted, because if the clause it amends is "*trebly dead* and mere surplusage," it should be stricken out.

The amendment relating to the Superintendent of Public Works should be adopted, because there is no use for the people to be taxed to support such an unnecessary office, and the amendment proposes to abolish it altogether.

Gov. Walker returns to Richmond from Cape May on Monday.

Gen. John D. Imboden has returned to Virginia from his European tour.

The question of a public park is still vigorously discussed in Richmond, Va.

The Norfolk Blues have received their battery of four three inch rifle guns.

THE "TUMBLE" NOW COMPLETE.
NOW IS THE TIME TO GET THE ADVANTAGE, AND
ZACHARIAS & CO'S
IS THE PLACE.
"Low prices will win," and "Small profits and quick sales" are truisms that have been satisfactorily tested by ZACHARIAS & CO., in the city of Raleigh.
By a strict adherance to these important rules, their business has increased so rapidly that necessity compells them at an early day, to commence the work of enlarging and extending their store room.
In view of this fact, they now offer their large and attractive stock of Dry Goods, Boots and Shoes, Clothing, &c., to the public, REGARDLESS OF COST.
Think of it; bear it in mind, then tell your neighbors that they are selling
Fast Color Prints at 10c. per Yard.
Stout and Heavy Brown Domestics at 10c. per Yard.
BOOTS AND SHOES AT AND BELOW COST.
Ready-made Clothind at fabulously low prices. And all other goods (too numerous to mention,) at prices accordingly.
COME ONE! COME ALL!!
and see for yourselves. No trouble to show goods. Don't forget the place,
ZACHARIAS & CO.,
a few doors south of Tucker Hall, Fayetteville street.
☞ Our goods are all purchased by a resident partner in New York, who has the advantage of the daily auction sales of that city.
They have no old stock on hand. The Spring and Summer goods, in short, every article in the store are the present Spring and Summer purchases. july25-tf

SPECIAL NOTICES.
BILLOUS.—If you feel dull, drowsy, debilitated, despondent, have frequent headache, mouth tastes badly in morning, irregular appetite and tongue coated, you are suffering from Torpid Liver or "Billiousness." In many cases of "Liver Complaint" only a part of these symptoms are experienced. As a remedy for all such cases, Dr. Pierce's Golden Medical Discovery has no equal; it effects perfect cures, leaving the liver strengthened and healthy. Sold by all first-class druggists.
How unnecessary the anguish many persons undergo from rheumatism, gout, neuralgia, toothache and earache. We say unnecessary because the application of Mexican Mustang Liniment to the affected part, or a few drops of it in the ears or tooth, affords instantaneous, and what is better, permanent relief. For cuts, wounds, bruises, swellings, and all injuries or diseases which require treatment externally, this liniment is everywhere regarded as the most potent and reliable healing agent in existence. For all external injuries or ailments of horses and cattle, it is infallible.
His Honor, HENRY POTTER, late Judge of the United States Court for the District of North Carolina, gave the following as his opinion of Beckwith's Pills:
"For some ten or twelve years past I have been in the habit of using DR. BECKWITH'S ANTI-DYSPEPTIC PILLS in my family, and consider them so valuable a domestic medicine, that I never suffer my stock to be exhausted. I have used them with good effect in dyspeptic cases, under various modifications, and have found them efficacious in relieving from Sick Headache, and from all the usual symptoms of functional derangement of the viscera. As an apperient, they are excellent. I have long had the pleasure of an intimate acquaintance with the inventor of these Pills. He is a gentleman of talents, integrity and worth, and he ranks high in the science of medicine and the healing art.
H. POTTER.

The Raleigh Daily News.

SATURDAY.....AUGUST 2, 1873.

NORTH CAROLINA.

The McDowell county crops are doing well.

Rain is badly needed by the crops in some portions of Beaufort county.

Wilmington is in a high state of glee over the extension of her street railway.

The Charlotte ice machine is most ready to commence its frigid operations.

Trains commenced running regularly yesterday between Greensboro and Winston.

The work of erecting a new Baptist Church in Morganton has been commenced.

Two fine cows were killed in Morganton on Sunday night. So says the *Piedmont Press.*

A lodge of the Improved Order of Red Men has been established in Wilmington.

The Baptists of the Cape Fear Association have appointed the 17th inst. as a day of fasting and prayer.

Mrs. Beach, a lady of 60 years of age was killed by lightning in Morganton on Sunday night last. So says the *Piedmont Press.*

The dwelling house of Mr. Jos. G. W. Cobb, at Everettsville, Wayne county, was destroyed by fire last week. So says the Goldsboro.

A rabid canine departed this subluminary sphere in Wilmington on Wednesday last. In other words his *bark* was launched on the River of Death.

The Wilmington *Journal* of the 31st inst., learns that the store of James Johnston, at Marlville, on the Carolina Central Railway, was broken into a few nights ago and robbed of some $40 worth of goods.

From the *Piedmont Press* we learn that Lafayette Phillips, living on Johns River, Burke county, was killed by lightning on Thursday of last week. His two horses were also killed and his son so badly paralyzed by the shock that it is thought he will never recover.

A company of Canadian capitalists have purchased 15,000 acres of valuable timber land. The price paid was about 40 cents per acre. A wooden railroad is in contemplation and will in all probability be built at an early day. On the land mentioned there are plentiful indications of the existence of copper, iron and silver.

Says the Winston *Sentinel* of the 31st inst:

"An excursion numbering several hundred left this place on last Saturday morning for Greensboro. Many of them had never seen or ridden on the cars before, left here filled with curiosity, and came back filled with whiskey. A large number of both sexes and all ages assembled at the depot to see them off, and were on hand to welcome them back again, and seemed to take as much interest in the affair as if it had been a hanging."

Continuation of the Atlantic, Tennessee & Ohio R. R. Imbroglio.

From the Charlotte *Observer* of the 31st inst., we gather the following in regard to the contest going on between R. I. McDowell and Col. William Johnston for the control of this road:

"Since our last issue information has reached us that the Bush Court in Statesville gave a decision in favor of Col. Johnston, Justice Stimson, before whom the case was tried, turning over all that part of the road, rolling stock, etc., which can be found in Iredell county. It will be remembered that before the trial closed, the train which carries the mails and passengers, was spirited away from Statesville, and when Col. Johnston's friends went next morning to take possession of the train, it was discovered that it had been run out the night previous. The engine "Statesville" was standing on a side track, and when they boarded her it was to find that she had been dismantled; the steam valves and perhaps other parts of the machinery had been removed, and up to this writing their whereabouts are unknown. Yesterday morning the train which came down on Tuesday morning, was run around upon the Carolina Central Railway, and taken up towards Lincolnton. This was done by the McDowell party.

So the matter now stands. No trains are being run over the road, and the traveling public suffer. All mails for either place pass through Salisbury. Yesterday morning an injunction was served upon Col. Johnston restraining him from attempting to exercise any authority as President of the Atlantic, Tennessee & Ohio Railroad. The injunction was issued by Judge Moore, at the instance of R. M. Oates, Esq., a stockholder.

LATER.—A telegram was received last evening from Gen. Barringer, who is in Statesville, saying an appeal has been asked and granted from the decision of the Bush Court, which sat in Statesville Monday evening."

We gave an account of Mr. Buckney's death by lightning, near Greenridge, a few days ago. Rev. Mr. Smith preached his funeral sermon on the day following, and three days thereafter was the same subtle fluid. This was considered strange; but the most singular thing connected with these deaths remains to be told. The clothes worn by Mr. Buckner at the time of his death were hung upon a very thrifty willow bush in the yard, and from that hour the bush wilted, and is now dead, though only one week has elapsed.—*Sedalia (Mo.) Democrat.*

A most extraordinary statement has made its appearance in that highly-respectable paper the *Saturday Review*, to the effect that English society is getting so overcrowded with unmarried women that serious thoughts are entertained of introducing polygamy as a remedy for the enormous evils which this condition of things entails.

The Gallatin (Tenn.) *Examiner* says: "We may note among the incidents of the cholera epidemic that many mocking-birds and canaries in cages sickened and died, while those which frequented the gardens instinctively fled to the woods, and did not return until the cholera took its departure."

The usual boisterous and disgusting scenes on Radical gatherings, were enacted in the late Republican Convention at Lynchburg, Va. True to their low instincts the choice of the rabble for Governor fell upon a renegade.

CORRESPONDENCE.

[Correspondence Daily News.

The Model Farm of Guilford county and the Brummel Springs of Davidson, as seen by our Special Correspondent.

TRINITY COLLEGE, July 31st, 1873.

DEAR NEWS:—According to promise, we embrace the present opportunity to give you an account of our trip to the model farm Celt.

Early on the morning of the 25th, we left Trinity, in company with several friends, to visit this interesting garden spot of Guilford county. As we had a splendid team and a good vehicle, we were not long in travelling the few miles, and after a pleasant ride of half an hour, we reached our destination. This was our first visit, but we did not fail to notice signs of improvement as soon as we were in sight. The first object that attracted our attention, was the improved gate and well painted fencing, a rare thing in this section. These were the first signs of that highly cultivated and improved farm, which we afterwards examined minutely.

As we entered the gate the first proof of good cultivation that came to our sight, was a field of cotton. We have, no doubt, seen better cotton, but taking into consideration the fact that only a few years ago this was one of the poorest spots in Guilford county and chosen as the seat of the model farm on that account, we say that it is a splendid piece of cotton, and speaks well for the industry and ability of Mr. W. A Sampson, the present owner. Grass seems to be a stranger in this part of the farm. The cotton is of uniform size and color and the rows are perfectly straight. There were about thirty acres of this cotton. On our right, we beheld a field of clover which for the vigor of its growth, uniformity and freshness of color we have seldom seen equalled and never surpassed. We should say there was about fifty acres, and after a careful scrutiny we failed to discover a stump or any sprout in the whole field.

It would pay many of our Eastern farmers who buy hay at $2,25 per hundred to come up and examine this farm. It would have been worth our trouble and expense if we had seen none of the many other interesting features of the farm. As we proceed, we found laborers prepairing a turnip patch or rather a turnip field of very respectable dimensions. We were very much pleased with the manner of preparing the soil for the future crop. The ground was literally covered with a fine coat of stable manure and several plows of formidable dimensions, each drawn by a couple of large fat horses were breaking the land to the depth of twelve inches. I understand that this turnip patch is prepared annually for the benefit of stock and cattle and if we may judge from their present appearance they reap great advantage therefrom. We next came to a field of timothy which had been very recently mowed and a casual observer would not fail to notice the difference between the work of our old fashion scythes, with its uneven stubble and ragged appearance, and this field mowed with a Wood's patent mower, every stalk cut off at the same length.

Leaving the field of timothy, we next went to examine the corn field and meadows, and here we found multiplied evidence of the business tact and ability of our host. One piece of corn attracted our especial attention as being the finest we have ever seen. All of the corn was good, but this field in particular, having a splendid dark green color and large ears. The meadow land was in very good order, free from bushes, stumps or any obstacle that would prevent the successful use of the meadow, which was then in operation.

We will now give you some idea of the barn, which is one of the most attractive features of the farm (minus the ladies.) It is a large three-story building, about a hundred by sixty feet I should say. Presents a fine external appearance, is well painted and finished with taste. The three floors of this building above ground are used as receptcles for food for stock and cattle, and are at present filled to their utmost capacity with timothy and clover. This is the best and largest quantity of hay of its quality we have ever seen. The basement contains the stables and stalls for horses, cattle, sheep, &c.

The building is thoroughly ventilated and supplied with water from a spring situated about two hundred yards distant by the use of a Hydraulic Ram. So that the stock are always supplied with fresh and pure water. This water is also used to cleanse the stable and for mixing food for the stock, all of which is cut. The machine for cutting the food is placed on the second floor, and is driven by horse power. We passed from the main building to the sheds, of which there are about half a dozen, when we discovered the use for so much provender. Here we found thirty-five of the finest cows we have ever seen, full blooded Alderneys without an exception.

They are stalled fed and are never allowed to run at large, and consequently are in first rate order. Their milk is superior, and butter richer than ordinary cows as we can ourselves testify. There were several very fine calves also. But we not propose to enter very minutely into details, as it would require too much space. We next examined the stock of agricultural implements. Here we found a large assortment of plows, harrows, rollers, cultivators, an improved reaper and mower and reaper combined, and in fact every implement necessary or convenient for farming operations, from a wheelbarrow to a grindstone, all in perfect order, a place for everything, and everything in its place. We then concluded that we would visit the most interesting part of the farm, which we considered to be the house. We had not travelled very far before we were astounded at the sight of what appeared to us as a graveyard, of about an acre and a half, with regularly arranged tombstones. As we drew nearer we discovered, however, upon examination that our tombstones were nothing more nor less than bee hives.

After taking a good look at this department we were conducted to the parlor, where we were introduced to the accomplished daughter of mine host.

Here my description might find a fit termination. But I might well feel ashamed of myself, did I fail to return my thanks to Mr. William Patterson, the Superintendent, or forget to mention my appreciation of the bewitching fair one, who lent such a charm to our visit that we forgot to leave until late in the evening, and then only when necessity compelled us.

We have, no doubt, made a miserable failure in our attempt to give you a correct idea of the model farm, and we should make a worse, if we were to attempt to describe our evening's recreation. Suffice it to say, that we had some good music, enjoyed ourselves very much, and regretted when the time came for us to leave. May it be our happly lot to renew our visit frequently.

We must beg pardon for not mentioning the fact, that these ladies prepared us a splendid dinner on a very short notice, showing clearly to our mind that they are not only educated in the refinement of society and knowledge of text books, but in domestic affairs.

But we will pass from the model farm to our trip to Brummel Springs.

It was our happy lot to be one of a large party, who made an excursion to these Springs, on the 26th. Situated in Davidson county, about twelve miles from this place, we found this pleasant locality.

We left Trinity about 8 o'clock, in company with Drs. Parker and Craven, Professors Doub and Gannaway. A large crowd left ahead of us, among the number were some of Trinity's most lovely and bewitching fair ones.

When we reached the Springs we found a crowd of smiling ones awaiting our arrival, and we were soon engaged in our different pursuits of pleasure. After passing the morning in the usual manner, at such a place, we partook of a very fine dinner, for which we were indebted to Mrs. Prof. Doub, Mrs. Maria Robbins and Dr. Parker, we believe more particularly. We have participated in many festive occasions of this sort, but do not remember ever to have shared a better dinner.

We enjoyed our trip very much. We could not detect the several mineral properties of the waters, but have been informed that they are iron, alumina, magnesia and soda. We are indebted for much kindness to the proprietor, Mr. Brummel, who we find to be a refined and highly cultivated gentleman.

I have used Dr. Simmons' Liver Regulator in my family for Dyspepsia and Sick Headache, and regard it as an invaluable remedy in these attacks. It has not failed to give relief in any instance.

REV. W. F. EASTERLING,
Florida Conference.

SPICES

Of the VERY BEST kinds, such as cannot be found at Grocery Stores, always on hand. Cloves, African and Jamaica Ginger, Roots and Ground Cinimon, Nutmegs, Spices, Cloves, Pepper, grain and ground, Cream Tartar, Bi-carbonate of Soda.

Consumers of Cream of Tartar, Tartaric Acid, and Carbonate of Soda, should be careful to discriminate between the Commercial and Medicinal kinds. The former are extensively used in the Arts, and produced at low prices; much injury is sustained by using such for domestic purposes, from the metalic impurities they contain. Bi-carbonic of Soda, &c. for sale at

CARMERS

Carolina Baking Powders

You should use the "Carolina Baking Powders" because there is no other that gives such satisfaction. It makes charming

Bread, Delicious Rolls, Cakes, Biscuits, Waffles, Corn Bread, Griddle Cakes Pastry and Cakes of every Variety. For making Buckwheat Cakes it has no rival.

Those that have tried it, say it is decidedly the VERY BEST. Feeling considerably flattered at the increasing demand where put in competition to so many kinds now on the market, that I shall in future manufacture it on a much greater scale.

It is the only Baking Powder manufactured in the South, and I guarantee it to give as much satisfaction as any other.

PROPOSALS.

PROPOSALS FOR WOOD & COAL.

OFFICE OF SECRETARY OF STATE,
Raleigh, N. C., July 7th, 1873.

SEALED PROPOSALS, in triplicate, with a copy of this advertisement annexed to each, are invited and will be received at this office until 12 o'clock, M.,

Friday, August 1st, 1873,

for furnishing fuel for use by the General Assembly and the several Executive officers of the State, as follows:—

500 Cords of Merchantable hard Wood.
25 Tons of Hard Coal.

The quantities to be more or less as may be required, and to be delivered at the Capitol yard at such times as the undersigned may direct, and subject to inspection.

Bids to be made separately for Coal and Wood, and each accompanied by bond and security for the delivery of the article mentioned, the bond upon bids for Wood to be $500, and the bond for Coal to be $200.

The bonds of successful bidders will be required to be justified.

Bidders are requested to be present at the opening of their bids.

Envelopes to be indorsed "Proposals for Wood" or "Coal," and addressed to the undersigned. WM. H. HOWERTON,
Secretary of State.

july 8-D till aug. 1

PROPOSALS FOR CONCRETE STONE, RUBBLE STONE, BRICK, CEMENT AND SAND, required in the construction of the United States Court House and Postoffice, at Raleigh, N. C.

OFFICE OF SUPERINTENDENT,
U. S. COURT HOUSE & POSTOFFICE,
At Raleigh, N. C., July 21, 1873.

Sealed proposals will be received at this office until 12 m. of the NINTH DAY OF AUGUST, 1873, for furnishing and delivering, at the site of the building, all of the Concrete Stone, Rubble Stone, Bricks, Cement and Sand required for the construction of the building.

There will be required, 500 cube yards, more or less, hard, durable stone, broken to the size of hen's eggs, and suitable for concrete.

1,000 cube yards, more or less, Rubble Stone which may be of granite, limestone or other suitable stone, which is flat on the bed, sound, durable and which breaks with a clean square fracture; one-quarter to be bond stones, of a length equal to the thickness of the walls, and to contain not less than ten (10) cubic feet. No stone containing less than one and one-half (1½) cube feet, or less than twelve (12) inches thick, will be received.

Also for 500,000 Hard Burnt Red Bricks of the best quality, taken from the heart of the kiln; no salmon or arch brick will be received.

Also for 2,000 Barrels, more or less, Hydraulic Cement of quality and strength equal to the best brand of Rosendale, each barrel must contain not less than 300 pounds.

Also for 500 cube yards, more or less, clean Sharp River Sand.

Samples of each of the above materials to be submitted with the proposals.

Delivery will be made at such times and in such quantities as may be deemed necessary, for the Superintendent.

Bidders may submit proposals for one or all of preceding items of materials.

All bids must be made on the printed form, to be obtained on application at this office, and each bid to be accompanied by a penal bond in the sum of Five Hundred Dollars ($500) for each item bid for, conditioned that the bidder will accept and perform the contract if awarded him, the sufficiency of the surity to be certified by the U. S. Judges, Clerk of the U. S. Court, or the District Attorney of the District in which he resides.

Payments will be made monthly, deducting ten per cent. until the completion of the contract.

The right to reject any or all bids is reserved.

Each proposal must be enclosed in a sealed envelope, endorsed "Proposals for Concrete Stone, or Rubble Stone, or Bricks, (as the case may be,) for the U. S. Court House and Post Office at Raleigh, N. C. and addressed to

S. T. CARROW,
jy23-t5thaug Superintendent.

PROPOSALS FOR EXCAVATIONS FOR THE UNITED STATES COURT HOUSE AND POSTOFFICE, AT RALEIGH, N. C.

OFFICE OF SUPERINTENDENT
U. S. COURT HOUSE & POSTOFFICE,
RALEIGH, N. C., July 21, 1873.

Sealed proposals will be received at this office until 12 m. of the 9th day of August, 1873, for excavating and removing 2500 cubic yards, more or less, of earth (on site for description of ground) for the basement story, areas, trenches for foundation, drains, &c., of the United States Court House and Postoffice at Raleigh, N. C.

The dimensions and depth of the excavations can be obtained on application at this office.

Proposals will be made by the cubic yard, which must include the foundation trenches.

The whole excavation must be completed within six weeks from date of acceptance of the contract.

All bids must be made on the printed forms to be obtained at this office, and must be accompanied by a penal bond in the sum of One Thousand ($1000) Dollars that the bidder will accept and perform the contract if awarded him. The right to reject any or all bids is reserved.

Payments will be made monthly, deducting ten per cent. until the completion of the contract.

Proposals must be enclosed in a sealed envelope endorsed "Proposals for Excavations for the United States Court House and Postoffice, Raleigh, N. C.," and addressed to

S. T. CARROW,
Superintendent.

THE ALL RIGHT

COOKING STOVE.

Buy no other until you see it.

IT CANNOT BE EXCELLED.

The testimony of thousands now using them daily, fully justifies the above assertion, and it has become the most popular and the leading COOK STOVE wherever introduced. Having added all improvements of any value, we again call attention to some of its points of excellence:

It is made of the best material and by the best skill. It is beautiful in design, and symmetrical in shape. It has the largest and heaviest top. It has the expansion piece, and top will not crack. It will take the largest and longest wood. It has the largest and deepest hearth. It has the largest and best oven. It has the most powerful heating oven. It will bake and roast more rapidly and evenly. It has the largest flues and best draft. It is less liable to choke with soot. It is warranted as represented, and it is now offered as absolutely

PROCLAMATIONS.

A PROCLAMATION,

By the Governor of North Carolina.

EXECUTIVE DEPARTMENT,
RALEIGH, June 10th, 1873.

WHEREAS, Official information has been received at this Department that vacancies exists in the Senate branch of the General Assembly of North Carolina by reason of the resignation of Hiram R. Stilley and J. B. Respess, representing the Second Senatorial District, and that vacancies exist in the House of Representatives of the said General Assembly by reason of the resignation of Alfred J. Morrison, representative from Lincoln County, and Richard C. Badger, representative from Wake County.

Now, therefore, I, TOD R. CALDWELL, Governor of the State of North Carolina, by virtue of authority in me vested by law, do issue this my Proclamation, commanding the Sheriffs of the counties composing the Second Senatorial District of North Carolina to open polls and hold an election at the usual voting places in said counties on THURSDAY, THE SEVENTH DAY OF AUGUST, A. D., 1874, for two Senators; and I do further command the Sheriffs of Lincoln and Wake counties to open polls and hold elections in their respective counties on THURSDAY, THE SEVENTH DAY OF AUGUST, A. D., 1873, for a member of the House of Representatives, all of said elections to be held, votes compared and returns made in all respects in accordance with the laws of the State of North Carolina.

Done at our City of Raleigh, the 10th day of June, A. D., 1873, and in the L. S.] ninety-seventh year of American Independence.

TOD R. CALDWELL.

SATURDAY.....AUGUST 2, 1873.

THE CONSTITUTIONAL AMENDMENTS.

In order that the people may vote understandingly on the amendments to the Constitution, at the ensuing election, we deem it necessary to give in full the clauses in that instrument proposed to be altered, together with the alterations themselves.

FIRST: IN RELATION TO THE PUBLIC DEBT.

The present Constitution in Article I, Declaration of Rights, provides as follows:

"Sec. 6. To maintain the honor and good faith of the State untarnished, the public debt, regularly contracted before and since the rebellion, shall be regarded as inviolable and never be questioned; but the State shall never assume or pay, or authorize the collection of any debt or obligation, express or implied, incurred in aid of insurrection, or rebellion against the United States, or any claim for the loss or emancipation of any slave."

This section is amended by striking out the first clause down to and including the word "but," so that the amended clause in Article I will then read:

"Sec. 6. The State shall never assume or pay, or authorize the collection of, any debt or obligation, express or implied, incurred in aid of insurrection or rebellion against the United States, or any claim for the loss or emancipation of any slave."

Another alteration in regard to the public debt is provided for in the same amendment, by striking out section 4, Article V of the present Constitution, which is as follows:

"Sec. 4. The General Assembly shall, by appropriate legislation and by adequate taxation, provide for the prompt and regular payment of the interest on the public debt, and after the year 1880, it shall lay a specific annual tax upon the real and personal property of the State, and the sum thus realized shall be set apart as a sinking fund, to be devoted to the payment of the public debt."

So that the above section will be entirely stricken out and the amended Constitution will not make it compulsory on the Legislature, by express language, to provide for the payment of interest and principal of the public debt.

SECOND: IN RELATION TO THE OFFICE OF SUPERINTENDENT OF PUBLIC WORKS.

Article III, section 1, of the present Constitution names among the other officers of which the Executive Department shall be composed, a Superintendent of Public Works, who shall be elected for a term of four years by the qualified voters of the State, at the same time and places, and in the same manner as members of the General Assembly.

The amendment proposes to strike out the words "Superintendent of Public Works" wherever they occur in the Constitution, thus abolishing that office.

THIRD: IN RELATION TO THE STATE CENSUS.

In the present Constitution, Article II, the following provision is made for taking a State Census:

"Sec. 5. An enumeration of the inhabitants of the State shall be taken under the direction of the General Assembly in the year one thousand eight hundred and seventy-five, and at the end of every ten years thereafter; and the said Senate Districts shall be so altered by the General Assembly, after the first session after the return of every enumeration taken as aforesaid, or by order of Congress, that each Senate District shall contain, as nearly as may be, an equal number of inhabitants, excluding aliens and Indians not taxed, and shall remain unaltered until the return of another enumeration, and shall at all times consist of contiguous territory; and no county shall be divided in the formation of a Senate District, unless such county shall be equitably entitled to two or more Senators."

The amendment proposed to this Article is to strike out all that precedes the words, "the said Senate Districts," in section 5, and to strike out the phrase "as aforesaid, or," the parts so stricken out relating to the census, so that the section as amended will read:

"Sec. 5. The said Senate Districts shall be so altered by the General Assembly at the first session after the return of every enumeration taken by order of Congress, that each Senate District shall contain, as nearly as may be, an equal number of inhabitants, excluding aliens and Indians not taxed, and shall remain unaltered until the return of another enumeration, and shall at all times consist of contiguous territory; and no county shall be divided in the formation of a Senate District, unless such county shall be equitably entitled to two or more Senators."

The object of this amendment is to do away with the unnecessary expense of taking a State census under the direction of the General Assembly, inasmuch as the same work is done by the national Government.

FOURTH: IN RELATION TO EXEMPTIONS FROM TAXATION.

The present Constitution, Article V Revenue and Taxation, provides as follows:

"Sec. 6. Property belonging to the State or to municipal corporations, shall be exempt from taxation. The General Assembly may exempt cemeteries, and property held for educational, scientific, literary, charitable or religious purposes; also wearing apparel, arms for muster, household and kitchen furniture, the mechanical and agricultural implements for mechanics and farmers, libraries and scientific instruments, to a value not exceeding three hundred dollars."

The amendment proposes to change this section by inserting after the word "instruments," the words "or any other personal property," so that the section as amended will read:

"Sec. 6. Property belonging to the State, or to municipal corporations shall be exempt from taxation. The General Assembly may exempt cemeteries, and property held for educational, scientific, literary, charitable or religious purposes; also wearing apparel, arms for muster, household and kitchen furniture, the mechanical and agricultural implements of mechanics and farmers, libraries and scientific instruments or any other personal property, to a value not exceeding three hundred dollars."

FIFTH: IN RELATION TO THE UNIVERSITY.

The present Constitution, Article IX, has the following on the subject of the University at Chapel Hill:

"Sec. 5. The University of North Carolina, with its lands, emoluments and franchises, is under the control of the State, and shall be held to an inseparable connection with the free public school system of the State."

The amendment proposes to strike out this section entirely, thus severing the University from the common school system, and insert the following in lieu thereof, so that the amended Constitution shall read:

"Sec. 5. The General Assembly shall have power to provide for the election of trustees of the University of North Carolina, in whom when chosen shall be vested all the privileges, rights, franchises and endowments heretofore in anywise granted to or conferred upon the trustees of said University; and the General Assembly may make such provisions, laws and regulations, from time to time as may be necessary and expedient for the maintenance and management of said University."

The following sections of Article IX, relating to the University, are also stricken out:

Sections 13, 14 and 15, relating to the appointment of trustees by the Board of Education, and the officers powers and rights of the trustees. These matters will hereafter devolve on the Legislature, if the amendment relating to the University is ratified.

SIXTH: IN RELATION TO THE SESSIONS OF THE GENERAL ASSEMBLY.

The present Constitution, Article II Legislative Department, provides as follows:

"Sec. 2. The Senate and House of Representatives shall meet annually on the third Monday in November, and when assembled shall be denominated the General Assembly."

This section is to be amended by striking out the word "annually," and inserting in lieu thereof the word "biennially," so that the section amended shall read:

"Sec. 2. The Senate and House of Representatives shall meet biennially on the third Monday in November, and when assembled shall be denominated the General Assembly."

This amendment also strikes out the word "annually" in section 6, Article III, and inserts the word "*biennially*," in reference to the requirement of the Governor to communicate to the General Assembly each case of reprieve, commutation or pardon.

SEVENTH: IN RELATION TO THE CODE COMMISSION.

The present Constitution, Article IV Judicial Department, makes the following provisions concerning the Code Commissioners:

"Sec. 2. Three Commissioners shall be appointed by this Convention to report to the General Assembly at its first session after this Constitution shall be adopted by the people, rules of practice and procedure in accordance with the provisions of the foregoing section, and the Convention shall provide for the Commissioners a reasonable compensation.

Sec. 3. The same Commissioners shall also report to the General Assembly as soon as practicable, a code of law of North Carolina. The Governor shall have power to fill all vacancies occurring in this commission."

The amendment proposes to strike out both these sections, thus abolishing the Code Commission.

EIGHTH: IN RELATION TO FEDERAL AND OTHER OFFICE-HOLDERS.

The present Constitution, Article XIV, provides as follows:

"Sec. 7. No person shall hold more than one lucrative office under the State at the same time: *Provided*, That officers in the Militia, Justices of the Peace, Commissioners of Public Charities and Commissioners appointed for special purposes, shall not be considered officers within the meaning of this section."

The amendment proposes that this section shall read as follows:

"Sec. 7. No person who shall hold any office or place of trust or profit under the United States, or any department thereof, or under this State or any other State or Government, shall hold or exercise any other office or place of trust or profit, under the authority of this State, or be eligible to a seat in either House of the General Assembly: *Provided*, That nothing herein contained shall extend to officers in the Militia, Justices of the Peace, Commissioners of Public Charities or Commissioners for special purposes."

There were eighteen amendments originally proposed, but the eight above specified were all that passed the General Assembly by the requisite two-thirds majority.

These eight amendments are to be submitted separately for ratification or rejection, at the election to be held on Thursday, the seventh day of August. Any person qualified to vote may vote for or against each amendment, with a written or printed ticket with the words "For Amendment," or "Against Amendment." The amendments that receive a majority of the popular vote will be duly ratified. A part or all of them may be either ratified or rejected.

NORTH CAROLINA ALMANAC, 1873

Calculated by Dr. Craven, and compiled by L. Branson, printed on fine-sized and calendered paper, neatly and elegantly.
It contains many useful recipes, much valuable statistical matter, and many

AGRICULTURAL

items. It is emphatically an AGRICULTURAL ALMANAC. It is different from every other Almanac; has been published a number of years and sold successfully.—It is, we think, certainly as good if not better than any other.
A few still on hand—order soon.

FEATURES AND ADVANTAGES.

It is emphatically a Home Company.
Its large capital guarantees strength and safety.
Its rates are as low as those of any first-class company.
It offers all desirable forms of insurance.
Its funds are invested at home and circulated among our own people.
No unnecessary restrictions imposed upon residence or travel.
Policies non-forfeitable after two years.
Its officers and directors are prominent and well-known North Carolinians, whose experience as business men, and whose worth and integrity are alone sufficient guarantees of the Company's strength, solvency and success.

NORTH CAROLINA LAND COMPANY.

ESTABLISHED
TO
PROMOTE THE SALE
OF
LANDS, AND ENCOURAGE EMIGRATION
TO
NORTH CAROLINA
OFFICE:
Raleigh, North Carolina.

This Company has been in successful operation over three years, and continues to Buy, Sell, Lease or Rent Real Estate, upon commission or otherwise, on the most favorable terms.
Parties having lands to sell, will find it to their interest to call at our office, or correspond with us, as our facilities for selling are increasing every day.
Large tracts are rendered more saleable by being divided.
This Company is favorably known at HOME and ABROAD, as the large number of emigrants it has introduced and located in this State, fully attests.
Parties entrusting business in their hands, have the best assurance, that they will be fairly represented.
Address all communications to the North Carolina Land Company, or to William Scott, Secretary. GEO. LITTLE, President.
